STEPHANIE OSASUMWEN EGHAREVBA

Diversity & Inclusion Lead | Disability Inclusion Specialist | Tech & Social Impact Strategist

Lagos State, Nigeria | +234 816 244 7467 | Email | LinkedIn

PROFESSIONAL SUMMARY

Results-driven Diversity and Inclusion Leader with proven expertise in designing, implementing, and scaling inclusion frameworks across international development programs, higher education, and technology sectors. Proven track record of auditing platforms against accessibility standards, shaping disability inclusion policies, and building engaged technical communities for organizations including the Mastercard Foundation, Microsoft, and Google. Expert in stakeholder management, policy integration, digital accessibility (WCAG), and inclusive workforce placement, dedicated to driving systemic change that transforms inclusion from policy into practice.

CORE COMPETENCIES

Diversity & Inclusion Strategy • Disability Rights & Policy Integration • Digital Accessibility & WCAG Auditing • Strategic Partnerships & Stakeholder Management • Talent Engagement & Career Placement • Inclusive Program Design & Delivery • Community Building & Mobilization • Workshop Facilitation & Keynote Speaking • Cross-Functional Team Leadership

PROFESSIONAL EXPERIENCE

Associate Engagement Officer | Jobberman Nigeria *(February 2026 – Present)*

- Collaborate directly with the Mastercard Foundation project team to design and deliver high-impact workforce training and capacity-building initiatives for young talents across West Africa.
- Spearhead end-to-end talent engagement, tracking, and career readiness strategies, facilitating the transition of young associates into meaningful, long-term job roles within target industries.
- Participate in the strategic planning and execution of market-tailored upskilling programs, aligning curriculum delivery with current labor market demands and partner employer expectations.

Talent Corp Ambassador | Mastercard Foundation Project Initiative *(February 2026 – Present)*

- Drive specialized disability inclusion frameworks across the regional talent pipeline, ensuring young persons with disabilities have equitable access to skill acquisition and professional development.
- Advocate for and embed universal accessibility standards into training modules, learning environments, and candidate engagement processes across West Africa.
- Facilitate targeted job placement and associate transitions for persons with disabilities, engaging corporate partners to foster accessible, inclusive workplace cultures.

Partnership Lead | Hakeela *(December 2025 – February 2026)*

- Build and nurture strategic partnerships with corporate organizations, NGOs, and community networks to expand inclusive opportunities and drive social impact programs.
- Lead stakeholder engagement initiatives, securing cross-sector alignment and resource commitments focused on diversity, equity, and accessibility.
- Collaborate with internal leadership and external partners to integrate inclusive design principles and diversity benchmarks into core organizational collaborations.

Accessibility Consultant | Rushbox (Remote) *(June 2025 – June 2026)*

- Conducted a comprehensive digital accessibility audit for Rushbox, evaluating web architecture, navigation hierarchy, site structure, and content against international WCAG and inclusive design standards.
- Identified functional accessibility barriers for users with physical, sensory, and cognitive disabilities, producing a detailed audit report and actionable remediation roadmap.
- Advised product and engineering teams on implementing accessibility best practices, informing the startup's long-term digital inclusion and product improvement strategy.

Diversity and Inclusion Lead | Mastercard Foundation Youth Advisory Council Nigeria *(March 2024 – December 2025)*

- Spearheaded the integration of disability inclusion strategies across all Foundation programs and advisory channels, ensuring equitable participation for underrepresented youth.
- Founded and scaled the Mastercard Foundation Alumni Disability Community from zero to over 200 active members, establishing a sustainable network for resource-sharing and peer advocacy.
- Designed baseline accessibility guidelines for internal communications, virtual platforms, and public-facing events.
- Organized and moderated high-impact institutional initiatives, including the 2024 International Day of Persons with Disabilities (IDPD) panel, broadcast globally across Foundation platforms.
- Directed a community give-back initiative in Ogun State, securing computer hardware, laboratory infrastructure, and backup power while providing targeted career counseling.

Head of Disability & Gender Equality | Clent Africa *(July 2024 – May 2025)*

- Formulated and executed organizational strategies to integrate disability rights and gender equity into core decision-making processes.
- Ensured meaningful representation of marginalized voices across leadership structures, program planning, and project delivery.
- Led targeted advocacy and awareness campaigns that increased participation from underrepresented groups across regional impact projects.

Accessibility Consultant | African Disability Forum (Remote) *(January 2026)*

- Conducted an in-depth accessibility audit of the organization's primary digital platform against international WCAG usability standards.
- Delivered strategic recommendations and remediation guidelines to executive leadership to eliminate digital access barriers for persons with disabilities.

Community Manager for Students with Disabilities | Yaba College of Technology *(June 2023 – February 2024)*

- Led campus-wide inclusion efforts, advocating for academic accommodations, physical accessibility, and social support frameworks for students with disabilities.
- Coordinated academic and social support services, bridging the gap between student advocacy and institutional policy.
- Fostered an empathetic campus culture through institutional dialogue, increasing the visibility and leadership participation of disabled students.

Google Developer Student Club Lead | Google (Remote, Nigeria) *(August 2023 – January 2024)*

- Established and managed a campus developer community of 200+ students, creating an inclusive learning environment across multiple technical tracks.
- Facilitated technical workshops focused on data literacy and empowering underrepresented groups through tech education.

Microsoft Student Ambassador Lead | Microsoft (Yabatech, Nigeria) *(March 2023 – December 2024)*

- Grew the student technical community from inception to over 100 active members through skill-building tracks and collaborative learning projects.
- Appointed Special Adviser to the Student Union President in recognition of leadership in student advocacy and inclusion.
